Art Unit: 3629

1. The reply filed on 9/7/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): In the first office action, a restriction was done, and the applicant elected to prosecute the invention of a method of printing and creating barcodes and tracking numbers for shipping within an enterprise. An office action was done, and now the current amendment has changed the scope of the invention, to where the claims no longer read on the elected invention. If the applicant would like to prosecute the current amended claims, the applicant is advised to file a Continuation; otherwise the applicant must amend the claims so that they are in the scope of the elected invention. The elected invention being a method of printing and creating a barcode and a tracking number for shipping within an enterprise. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
